### STEPS:

1. Wash and condition with Lemon Sage Thickening Shampoo® and Conditioner.
2. Apply Lemon Sage Thickening Spray® to towel-dried hair in horizontal sections, starting at the base.
3. Blow-dry with the Express Ion Turbolight™+ and a 427 Paddle Brush. Over-direct the blow-dry to create as much volume as possible at the crown and around the face.
4. Once the blow-dry is complete and you have achieved maximum volume, take 1-inch vertical sections and curl with the Express Gold® Curl 1" Curling Iron, leaving out the ends to create a more lived-in look.
5. When curling around the face, style the curls away from the face. When working around the head, alternate the direction of the curls to give the style a more natural feel.

#### **Suggested Hair Color Formula:**

2 oz. (60 g/ml) The Demi Flash Toner Neutral Beige + 2 oz. (60 g/ml) Paul Mitchell™ Processing Liquid
